Exploring India through a Dart

Rules and Guidelines:

1. A dart will be given to participants and they will be told to shoot that on India's map blindfolded.
2. Participants have to tell several things about the state where the dart landed.
3. We will give some objectives to the participants where they would talk about famous food, heritage sites, and the language of that particular state.
4. In the end, if the participant fulfilled 6/6 objectives, then he/she will be given a goodie as a token of appreciation and if he/she failed to do so then he/she will be given a confectionery.
